

## “Have a welcome rest from the traffic at J23”

### Diesel for your truck, delicious homemade food for you!

The Junction 23 truck stop, with its 180 parking spaces for heavy goods vehicles, has been helping drivers fuel up and take a break from their journeys since 1987. It has always been owned by the Sherwood family and joined the Fred Sherwood Group in 2007.

In addition to automated access to diesel 24-hours a day, we offer an excellent range of facilities including a café, restaurant and licensed bar. We source quality ingredients from our local butcher and baker, and our fresh homemade food is an attraction that keeps drivers coming back, time after time.

Our overnight parking is inside a fully fenced compound with 24/7 CCTV.

### A comfortable stay

We offer drivers of vehicles of all shapes and sizes a comfortable and safe overnight stay, with hot and cold food, places to relax and secure parking for up to 180 heavy goods vehicles.

The excellent range of facilities on our four acre site includes diesel refueling available 24 hours a day, a forecourt shop, a truck washing bay, hot and cold food and drinks available 24/7, secure overnight parking, satellite TV including Sky Sports, and public telephones, toilets and showers.

We are particularly proud of our cafe restaurant, where we serve good quality and popular homemade meals made with ingredients from local suppliers. We also have a function and conference room available for booking with a fully licensed bar. Our facilities have even been given the thumbs up for quality by local people, with the nearby Probus group and Stroke Group using the function room for their meetings.

### Fuelling up

We are well located just 100 metres away from the M1 traffic island at Junction 23 and can cater for vehicles up to the very largest on the road.

Diesel is available using fully automated systems 24 hours a day, every day of the year, with all the main credit cards and fuel cards from all the 'bunker' companies accepted including Keyfuels, UK Fuels and Morgan Fuels among others.

We also have a truck washing bay available for drivers who need to spruce up their vehicle before they leave us.
